DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Luke A. Kilyk on October 30, 2003.

2. The application has been amended as follows:
 - Claim 1, line 4, "having attached" has been amended as -- having directedly attached--.
 - Claim 5, line 3, "having attached" has been amended as -- having directedly attached --.
 - Claim 17, line 2, "particle" has been amended as --colored pigment --.

Reason For Allowance

3. Claims 1-29 are allowed.
4. Following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 2 and 10, which include a portion of the particles having directly attached at least one organic group.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
